Professional Summary

Passionate and highly motivated aspiring Data Scientist with strong expertise in Algorithms, Statistical Mathematics, and Data Visualization. Skilled in Python programming and Jupyter Notebook for data analysis and graphical reporting. Continuously learning advanced Python libraries and Machine Learning concepts to build intelligent and real-world data-driven solutions. Known for analytical thinking, logical problem solving, and dedication towards continuous growth in the field of Artificial Intelligence and Data Science.

Technical Skills

- Python Programming
- Data Analysis & Visualization
- Jupyter Notebook
- Algorithms & Statistical Mathematics
- Pandas & NumPy
- Matplotlib & Seaborn
- CSV Dataset Handling
- Problem Solving & Logical Thinking

Featured Project

SY BSc CS Students Result Analysis Using Graphical Visualization

Designed and developed a Data Science project that analyzes and visualizes student performance using statistical graphs and charts. The project helps identify subject-wise trends, student performance patterns, and academic insights through interactive graphical representation using Python libraries.

Education

Bachelor of Science in Computer Science (TYBSc CS)

Currently Pursuing

Certification

Introduction to Data Science

Issued Date: 7th May 2026

Certificate Code: 10199839

Certificate Preview

CERTIFICATE OF COMPLETION

Yash Harish Shelke

has successfully completed the online course:
Introduction to Data Science

This professional has demonstrated initiative and a commitment to deepening their skills and advancing their career. Well done!

7th May 2026
